*This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.*

*(Miss Vernie Schimmel)*

## THE RIME OF THE ANCIENT MARINER (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English. Brand new Book. The Rime of the Ancient Mariner (originally The Rime of the Ancyent Marinere) is the longest major poem by the English poet Samuel Taylor Coleridge, written in 1797-98 and published in 1798 in the first edition of Lyrical Ballads. Modern editions use a revised version printed in 1817 that featured a gloss. Along with other poems in Lyrical Ballads, it was a signal shift to modern poetry and the beginning of British Romantic literature. The Rime of the Ancient Mariner relates the experiences of a sailor who has returned from a long sea voyage. The mariner stops a man who is on the way to a wedding ceremony and begins to narrate a story. The wedding-guest's reaction turns from bemusement to impatience to fear to fascination as the mariner's story progresses, as can be seen in the language style: Coleridge uses narrative techniques such as personification and repetition to create a sense of danger, the supernatural, or serenity, depending on the mood in different parts of the poem. The mariner's tale begins with his ship departing on its journey. Despite initial good fortune, the ship is driven south by a storm and eventually reaches Antarctic waters. An albatross appears and leads them out of the ice jam where they are stuck, but even as the albatross is praised by the ship's crew, the mariner shoots the bird: With my cross-bow, I shot the albatross. The crew is angry with the mariner, believing the albatross brought the south wind that led them out of the Antarctic. However, the sailors change their minds when the weather becomes warmer and the mist disappears: 'Twas right, said they, such birds to slay, That bring the fog and mist. They...
